A friend of mine who is a devoted Orthodox Christian (and ipodqkon Georgi), regularly visits **Holy Mount Athos** as a pilgrim.

On a few times he has been there serving to the workman who are currently restoring a number of monastery building which has been abandoned for quite some time.

Every Sunday morning he also goes to the Monastery Church St. George Zograph for the monks Holy Liturgy service.

He send me few recordings he made with his phone during the Holy Liturgy monks chanting. The recording's quality is quite raw as however still it's very invaluable piece of spiritual music, which I think every spiritual person will highly regard and enjoy.

Here are the 12 songs which he send me over skype I hope the songs, will be enjoyable and a spiritual blessing to some Christian brothers and sisters out there:
