The day was Peaceful and Quiet. After I wake up Narf called and we see each other in front of the college, Nomen was ther also we drink coffee on the fountain. Mitko told us experiences he had from Sofia, we laughed a lot. Then we go to the Chineese restaurant with Amridikon and Needless. I like the Rise with Vegetables there really awesome food :]. After that I bought "A Practical Teacher in C" and went home. Lily come home for 10 minutes, I read the Holy Bible for some time then I read The Living of the Martyr's. Later Niki and Habib come home, and was my guests for some time. After that I take a shower chatted a little with Order and now I intend to go to bed. Thanks to God for taking care for my life and giving me peace and joy through his Holy Spirit. Thanks God!END-----
